- Manifesting Your Vision
- 3:00 pm - Closing

The Healing Warrior, by Kathy Milanowski

Servitude to the Earth and all its beings can be a heart-opening, blissful, freeing state of consciousness. As we grow with this, we connect to tools and techniques that will recharge, refresh, and revive us. We learn a valuable lesson: We are both critical and deeply loved. We must learn to do our self-care. For me, this is the state of the healing warrior.
